TWO-PIECE ARTICULATED (TPA) BOOM FOR THE TC85

The equipment options for the TC85 midi excavator now include a Schaeff Two-Piece Articulated (TPA) boom.

Our tried-and-tested Schaeff Two-Piece Articulated (TPA) boom is ideal for heavy-duty excavating work, as well as for transporting and precisely positioning heavy loads – in fact, the reach of the boom has been sized to ensure the highest possible working range.
